Life's Abundance dog food is about \$1.50 per lb. and the Life's Abundance cat food is about \$2.00 per lb. Considering that this is less than the cost of good quality hamburger, and that there are about 92 ingredients in each kibble (including chelated minerals, live probiotics, pomegranate extract, hormone and steroid free chicken, fruits, veggies, and more) that is a real bargain. But remember, it's not always about dollars and cents - it's about a higher quality of life for our pets.
